

## **Leach Mounce Architects**

architecture planning interiors

### **REBECCA HOUSEHOLDER**

Interior Designer

#### **Background and Skills:**

Rebecca Householder, Interior Designer, has been with LMA since November of 2007. She brings with her a wide variety of design and color theory skills, equating to esthetically pleasing and functional environments. Her organizational skills, attention to detail and cohesion make her an asset to the firm. Her workspace includes Auto CAD as well as 3D computer modeling. Mrs. Householder's computer aided experience enables her to illustrate her designs graphically. Prior to joining LMA, Mrs. Householder worked in residential and commercial interior design.

During the programming phase she meets with key client staff members to determine space needs and desired design features for the building interior. During design, it is her responsibility to see that these program goals are achieved.

It is our goal to develop interior color schemes to enhance the aesthetic properties of each proposed design. It is her responsibility to develop and construct color boards to illustrate the intended schematic direction of each client's request and to specify in AutoCAD where the interior finishes will go.

#### **Relevant Projects:**

Her interior finishes, furniture and equipment design projects include:

- 2010** City of Beverly Hills, CA Police Dept., EOC and Jail Reconfiguration, Needs Assessment 16,000-25,000 sf, \$7,500,000-\$13,000,000 depending on options
- 2009** Chino, CA Police Headquarters, 106,300 sf Full design and construction services
