### Background and Skills

Mrs. Householder has been with LMA since November of 2007. She brings with her a wide variety of design and color theory skills, equating to esthetically pleasing and functional environments. Her organizational skills, attention to detail and cohesion make her an asset to the firm. Her workspace includes Auto CAD as well as 3D computer modeling. Mrs. Householder's computer aided experience enables her to illustrate her designs graphically. During the programming phase she meets with key client staff members to determine space needs and desired design features for the building interior. During design, it is her responsibility to see that these program goals are achieved. Prior to joining LMA, Mrs. Householder worked in residential and commercial interior design.
